WORK EXPERIENCE

Chicas en Tecnología Argentina

Co-founder

March 2015 – present

We work to encourage, inspire and educate high school girls aged 13 to 16 to pursue opportunities in technology and engineering careers. In our 4 days intensive programs these girls identify and solve a problem in their communities and create a mobile app to solve it.

Subsecretaría de Innovación Pública y Gobierno Abierto, Argentina Government

Development Coordinator

January 2016 – August 2016

I led a team of 8 programmers, devops and UX designers in the Open Data office in the Argentina Government. We create, obtain, publish and generate products and visualizations with Open Data in Argentina.

Laboratorio de Gobierno, Buenos Aires City Government

Digital Innovation Manager

May 2015 – December 2015

I led a team of 3 programmers and 1 UX designer in the Gov Lab in Buenos Aires City. Our team was in charge developing products, data visualization and internal tools that generate and use open data.

Google, Mountain View, USA

CS Academy Intern

December 2013 – February 2014

Internship hosted by the engEDU team. This Team designs and runs all the global educational program inside and outside Google. My internship was mainly technical but we had several activities to improve our communicational and leadership skills.

Manas Technology Solutions - InSTEDD iLab Latam

Full Stack Developer

February 2009 – May 2015

Manas is a non traditional company partnered with a NGO: InSTEDD. They are specialized in building integral solutions for health, humanitarian and educational purposes which targets users in Africa, Southeast Asia and Latin America. Manas is also a consulting firm with its own in-house products.

COMMUNITES	Global Shaper - Chosen by the World Economic Forum June 2014 – present <i>Member of the Buenos Aires hub</i> The Global Shapers Community is a network of hubs developed and led by young people who are exceptional in their potential, their achievements and their drive to make a contribution to their communities.
